Dismiss Case: Adolph Pushkar's lack of knowledge of the English language probably saved him from receiving a sentence for drunkenness. When Pushkar was arraigned this morning before Judge Maxfield he still persisted that he was not drunk and said he would obtain work and join the prohibition forces. On his promise the case was dismissed.

CHAMPION RECOVERS MONEY STOLEN FROM BROWN OF EDGERTON

Roy McKinney and Frank Sager Charged With Stealing \$110 From Edgerton Saloonkeeper—Hearings Monday.

Roy McKinney and Frank Sager were arraigned before Judge H. Maxfield in the municipal court this morning on the charge of larceny from the person, the allegation being that they stole the sum of \$110 from the person of D. D. Brown of Edgerton. Evidence obtained by Chief of Police E. D. Champion when he "searched" the two men yesterday afternoon developed that the money was in the possession of McKinney and warrants were issued for both by District Attorney S. G. Dunwiddie this morning.

Both asked for a preliminary examination, as the offense is punishable by a prison term. The hearing was set for Monday morning at ten o'clock, at which time the state's evidence will be introduced. Both McKinney and Sager denied stealing the money, nor any knowledge of who took Brown's wallet, until yesterday afternoon shortly after four o'clock. Their accounts of leading the drunken man to Mineral Point avenue and leaving him on the curb conflicted, each blaming the other of taking the money. Chief Champion turned his attention on McKinney, and by skillful questioning made him confess to the hiding place of the money. McKinney took him to a rooming house on South Main street, where the roll of bills containing \$110 was hidden under the bed. Champion made him go over the route that he and Sager took Brown to the point where the change was lost when the money was extracted from Brown's pocket.

At the station after the money had been turned over, McKinney still denied taking the money, claiming that Sager handed him the bills when they left Brown prostrate on the curb and walked to Jackson street. McKinney alleged in his statement to Champion that Sager told him to "keep the money and shut up." Sager, on the other hand, denied McKinney's account of the theft and refused to even admit he was with Brown until the money was shown to him while he was being "sweated." McKinney readily confessed that the \$110 he communicated with the Edgerton saloon keeper verified the fact that they were eight ten dollar bills and six fives in his wallet when he came to Edgerton. This is the denominations of the money turned over by McKinney.

It was learned by the police that the young men were wrong in their statements that another man was with them when they took Brown to Mineral Point avenue. Chief Champion questioned a man named Seamen, and it was found that he did not accompany the three further than River street.

The police do not give much weight to the claim of McKinney that Sager gave him the stolen money, believing that he was trying to drag the other man into the robbery. Investigation showed that Brown spent money very freely in the various west side saloons, and it is thought that the \$110 recovered constituted all that was stolen.

McKinney and Sager were unable to furnish the thousand dollar bail set by the court, and were committed to the county jail, where they were lodged in separate cells.

COUNTRY WOMEN MAY CONTRIBUTE TO FUND

Their Donations to Rest Room Provision Will Be Accepted by the Civic Council.

At a meeting of the civic council this morning, it was decided that contributions would be received from country women in case they wished to donate to the rest room fund. It was the opinion of the members of the council that there might be many farmers' wives who would be willing to give small amounts to the cause and the most benefited by the proposed improvements. Contributions may be left at the Gazette office.

MACKENZIE TO STAY AT LOCAL Y. M. C. A.; DECISION OF BOARD

Attempt to Force Out Associate Secretary Fails When Petitioners Are Handed In at Meeting.

Associate Secretary Reginald C. Mackenzie, who for the past three months has been largely responsible for the achievements attained at the Y. M. C. A. of this city, is to be retained as Associate Secretary in the future. This was the final decision of the board of directors at a meeting last evening at the association building.

It is believed that the petition issued five o'clock yesterday afternoon and containing the signatures of prominent business men residing in the dormitory and other enthusiastic members, asking that Mackenzie be retained at the building for the further promotion of activities had some weight toward making the final decision.

A satisfactory agreement was reached between present General Secretary J. C. Kline and associate Secretary Mackenzie, whose agreement was passed by the board of directors.

That Mackenzie's work during the time he has served here has been of a high order has been well known. He has organized a boys' cabinet, composed of a dozen young men, who went to the big conference at Fond du Lac last November. This cabinet has discussed many matters during the course of the past two months, and are laying some definite plans for the future which if carried out will mean more social, religious and physical activities within the walls of the Y. M. C. A. will derive much benefit. This same cabinet has been organized into a Bible class, meeting weekly, and holding a supper, business meeting and a half hour of Bible study under the direction of Alexander E. Matheson.

The juniors enjoyed an Indian and pilgrim chase on last Thanksgiving day. Mackenzie was taken on hikes with Physical Director Leck. The dormitory men at the association were hosts at a large entertainment one evening to the entire membership. This tells in part some of the accomplishments of Mr. Mackenzie in the membership, not to speak of the successful Sunday afternoon men's meetings he has held, when some fine spoken at a good share of the churches in the city, and because of his previous work in the Sunday schools in Wisconsin is especially adapted and fitted for the work before him at the association.

DIVORCES HUSBAND WHO NEGLECTED HER

Bessie Cantwell Obtains Decree Separating Her from Spouse Whose Whereabouts Are Unknown.

Charging that she has been flagrantly neglected by her husband, James J. Cantwell, and that he has failed to support her and her baby, Bessie Cantwell applied for a divorce in Judge Grimm's court Thursday afternoon. It was the testimony that Cantwell recently disappeared after he had been placed under sentence under the commitment law by Judge Maxfield. Judge Grimm granted the divorce after hearing the testimony of Mrs. Cantwell and her mother, Mrs. Knox. Custody of the child was given to the mother.

After evidence has been taken in the controversy between property owners and the city of Evansville over the city's right to make oiling assessments for work done in 1914, Judge Grimm ordered the attorneys to submit briefs and the case was taken under advisement.

REO
It Will Be Here--In The Morning!
--The New Reo the Fifth--\$1050
WE HAVE JUST BEEN ADVISED that our new Reo the Fifth, "the Incomparable Four," demonstrator has arrived--by the time you read this it will have been unloaded and will be at our show rooms.
WE HAVE BEEN BESIEGED by scores of persons eager to get a first look at this latest edition of the famous Reo the fifth--"the Incomparable Four."
DO YOU KNOW that since November 10th, there hasn't been a Reo car obtainable at the factory--last of the 1914 series was shipped on that day.
DID YOU SAY SOMETHING about "hard times"? Reo has never known such a thing. Reo value--Reo service--Reo cars--have always commanded a market greatly in excess of the possible supply--always.
THERE HAS NEVER BEEN A TIME when, even with its wonderful factory facilities, the Reo Motor Car Company has been able to furnish all the Reos needed to fill the demand. Never a time.
SO THE EAGERNESS of buyers to see this new Reo is nothing unusual.
AND THIS LATEST Reo the Fifth--this 1915 edition of that famous car that has set the standard and maintained the lead in its price-class for several years--is destined to increase its popularity and its leadership.
NEVER WAS SUCH VALUE. You read, of course, in the big two-page ad how it was possible to produce a car of such size--a bigger as well as an improved and refined car--at \$125 less than formerly. Now \$1050--last season \$1175.
LET US REPEAT--a bigger, better car--up to the minute in every detail of design and finish and equipment, including the best one-man top made, and for less money.
BUT YOU CAN'T appreciate fully what this value is until you have seen and driven this car.
IF YOU COME EARLY tomorrow morning you will be one of the first--you will see it almost as soon as we do. There'll be a crowd--for many, like yourself, have been waiting to see it.
AND, OF COURSE, we need not remind you that with no Reos obtainable during the past two months and thousands having already decided they will join the Reo contingent "and be sure" for the coming year, your order will have to be in early to insure an early delivery. Better drop in on your way to the office--we'll be here.

NO MORE JOY TIMES FOR FEDERAL PLAYER

Glimore Sees Need of More Discipline in the Outlaw Circuit This Coming Season.

(By Hal Sheridan.)
New York, Feb. 12.—Already the winter is beginning to turn. The halcyon days when a ball player bought two or three automobiles, put on parties for that one in the third row back and showed up at the park the next day ready to fight his grand-nephew are just about gone. The popular tune of Jim Glimore's funeral dirge they will be borne out by sad, deplorable ball players.

They were dying in the big league two years ago. Then came the Feds and with the siren clink of many dollars lured the slaving toilers from their first loves, promising much gold. The players got the gold and the head-aches.

But, as heretofore chronicled, the ancient worm has done the Vernon castle. The announcement comes from no less a personage than James A. Glimore himself, who, when he isn't calling Ban Johnson names, presides the Federal league. List to James:

On account of the many other things that had to be attended to last season we had little time to look after the playing end. (Kansas City and St. Louis players please copy) of the game and enforce discipline. But we know some of our players failed to display the same spirit they did while members of organized ball and also do we know that some of them didn't keep in such condition as to give their Federal services to the club.

The Federal league has been a great benefit to the ball players, and I hope they will realize it. We have given them a chance to draw bigger salaries than before. And, besides, we have been the cause of their getting better treatment from organized ball.

I don't say any of our players "laid down" in their playing, but they lacked the aggressive spirit they showed with organized ball and we hope to remedy this next season.

"We are going to have discipline!" And this from a man who but a few months ago proclaimed to the wide, wide world that a ball player was a slave and subjected to unjust persecutions on the part of his employers and that in the Federal league the poor ball player would find a haven of rest and free content.

CHICAGO TEAM PLAYS LAKOTAS SATURDAY

Championship Five of Windy City Expected to Defeat Cardinals in Game at Auditorium.

The Chicago Meteors, the Windy City's crack basketball team, meet the Janesville Cardinals on Saturday night at the Auditorium. The strength of the Chicago team is said to be on a par with that of the Wisconsin Redskins with their full team, and the Cardinals are the only team in the league that has not yet won a game. The Cardinals have defeated all Chicago teams, including the I. A. C. five, who joined the Chicago Meteors in an early season game, and they lay claim to the Chicago city title.

The Meteors play at Broadhead before coming to Janesville, and the outcome of this game will be watched with interest to give "dope" on the match here. Broadhead is one of the hardest-fives in the state on their home floor, and the Meteors win them by a large score. The Cardinals have a victory is declared for the Cardinals. The Lakotas will have their championship lineup, with Heinemann, center; Atwood and Dutton, forwards; Edler, Ryan or Langdon, guards.

Talking of war and battle, this baseball thing has got Europe back off the map. But through all the fracas there is one certain party who's acting so meek and humble-like that we've all forgotten him—His Majesty the Umpire. Which, poor little underdog, pays much attention to him except when he's a favorite out at third. Then he gets too much attention. Wow! Then he earns big \$4,000 a year in one summer's afternoon. And where this O. B. suit is going to stop in dragging in everybody connected with the game? The latest are the groundkeepers and score card sellers—can you beat it? Down in Baltimore two of the above mentioned came across with information that into the grounds to count the attendance. Their reports must have all but broken their employers' hearts.

Onat Harsted of the Vancouver club, Cleveland Indian recruit, tops the list of pitchers in the North-western league. Harsted worked in thirty games, pitching 173 innings and being credited with winning thirteen and losing only two games. That he possesses control is shown by the fact that he gave only forty-seven passes and a dozen chances. He allowed only 109 hits and thirty-six runs. He struck out 125 batters.

Harry Nelly, former Cleveland and St. Louis sport writer and later secretary of the Kansas City Feds, explains the sale to Brooklyn of Falkenberg by Indianapolis and Cullip by Kansas City. According to Nelly, neither Indianapolis or Kansas City could meet its last three pay rolls last year and it is Ward of the Brooklyn club who took the rescue, paying the bills and then taking the two pitchers as security.

Col. Robert Lee Hedges of the Browns claims to have paid the record price for one victory last season, \$4,200. This was Lefty Leverenz, yearly stipend last year, and he cashed in just one win for the Browns, though he had a dozen chances. And the colonel blames the Feds for this high figure. He only paid Leverenz \$2,200 in 1913, but the Feds offered him \$3,000 last spring, despite the fact that the pitcher injured his arm on the "round-the-world" tour, and Hedges had to pay him \$4,200 to hold him.

JANESVILLE FEARS EVANSVILLE QUINT

Bower City Basketball Five Left for Neighboring City This Afternoon.—Play on Slippery Floor.

Fearing the Evansville high school basketball team, but at the same time confident of a victory, the Janesville high school five left for Evansville late this afternoon, where they meet the Cut-off players tonight in a game that means much to the winning team. As Evansville and Janesville are both in the same section, and since the Beloit team barely won over Evansville last week at Beloit, the scrap tonight will be a big one. Capt. Stickney has Janesville figured in a victory, providing the score is kept low. Those who made the trip are Capt. Stickney, rf; Richards, lf; Wierick, sub forward; Rau, center; Jones, sub center; Stewart, lg; Dearborn, rg; and Coach Curtis. Several rooters accompanied the squad.

Two basketball games at the high school tonight are scheduled, and it is expected the gymnasium will be taxed to its capacity. The first contest is between the Methodists and Congregationalists. Both teams are confident of victory. The second encounter will be between the Baptists and Presbyterians. Nearly every team in the league now has new suits, and will make an excellent appearance on the floor tonight.

AMERICAN WORKERS ACTING AS MEDIATORS IN AUSTRIA.

(BY ASSOCIATED PRESS.)
London, Feb. 12.—The Nish correspondent of the Nether East states that during the Austrian occupation of Belgrade, Dr. Ryan, head of the American Red Cross Mission, acted as mediator between the invaders and the inhabitants of the Serbian capital. The correspondent writes as follows:

"Dr. Ryan, I am told, exerted himself in every possible way in the cause of humanity and rendered great service to Serbia during those trying days. The American Red Cross Mission is still carrying on its good work in Belgrade, with a staff of two Serbian doctors, twelve American lady nurses, and twenty-four Serbian nurses. There are also in Belgrade five Serbian hospitals, which during the Austrian occupation were placed under the protection of Dr. Ryan; and he assures me that none of them nor the American Red Cross Mission was in any way interfered with by the Austrians."

Mrs. Brady—Yes, I'm under bond to keep the peace for beating my husband, and the magistrate said if I bit him again he'll fine me \$25.
Mrs. Pry—And you're working hard to keep out of mischief?
Mrs. Brady—No! I'm working hard to save up the fine!

SAD BUT TRUE.

It is unfortunate that the governor of Wisconsin is compelled to wage a warfare to secure the confirmation of the men he appoints for various state offices. It is sad but true, but the real significance of the situation is clearly demonstrated in portions of the address the governor made before the Wisconsin State Telephone association on Thursday night at Madison. It is worth reading and considering and the attitude that has been exhibited by members of the state senate is quickly explained. Governor Philipp said in part:

"If it were my privilege to nominate the sainted Lincoln for a public office in urging legislation if I were inspired by the power that directed Moses when he wrote the ten commandments, I would still be opposed by the same gentlemen."

It is his first public statement on the attitude of the anti-administration senators who have opposed his appointments to the state railroad commission, the dairy and food commission, and heads of other important departments.

The governor declared that there is a propaganda in the state, with headquarters in Madison, to make his administration unpopular and if possible to make it impossible for him to carry out his plans for a better and more economical government.

Governor Philipp said:

"Last fall I made a campaign for better government. I advocated strict economy in our government and promised the people of this state to make an honest effort to reduce our taxes. I still stand on that platform."

"I have been in office six weeks and during that time the duty devolved upon me to make a number of important appointments. In each instance I made my selection with reference to fitness and have entirely disregarded political services. I selected men whom I believed to be able to improve the public service at a reduced cost. These appointments have been assailed by a few senators and a string of newspapers as displacing men who have rendered valuable public service. In their criticism they attempt to persuade the people of this state to believe that I did this in utter disregard of the public interest."

"I shall not permit such statements to go unchallenged. I submit that the men whom I have thus far appointed are all men of highest integrity and of special fitness for the positions for which they were selected. Furthermore, they are men who are in full sympathy with the purposes of this administration of reducing, so far as it is possible without injury to services, the cost of government."

"The people of this state have commissioned me to bring about economic and I am sure that they wish that I surround myself so far as it is possible with men who are in full accord with that plan."

"The people must understand that there is a propaganda in this state with headquarters in this city whose purpose it is to make this administration unpopular, and the practical way to accomplish this is to make it impossible to carry out its plans."

"It must, therefore, be understood that any opposition on the part of this propaganda and those who are serving it is not prompted by public interest but is purely political and for the purpose of obstructing the work that this administration has undertaken in order to benefit by its failure to carry out its promise to the people."

"I am quoted as having stated that I would not remove any efficient public

employee whose services may be needed if he does not engage in politics. The statement is correct in so far as it goes, but it fails to state what I said at the same time that I would not retain heads of departments who are not in full accord with what my administration stands for, and I believe this to be a reasonable reservation."

"I have recently seen a letter from a senator who has vigorously opposed my appointments in which he stated: 'There is nothing left for us to do but to oppose every appointment that Gov. Philipp makes.'

"This statement disclosed the real purpose of my opposition. It means then if it were my privilege to nominate the sainted Lincoln for a public office, or in urging legislation if I were inspired by the power that directed Moses when he wrote the ten commandments I would still be opposed by the same gentlemen. In other words, anything that does not fit into the political plans of the propaganda must be opposed regardless of the public interest."

"I make this statement so that the people of this state will understand the inspiration which is behind the opposition which is being put up against me."

LINCOLN'S BIRTHDAY.

Today marks the anniversary of the birth of one of America's great men—Abraham Lincoln. Many states of the making his natal day a legal holiday. There is such a bill before the Wisconsin legislature for consideration and it would be fitting that this state join with others in thus honoring the man, who as a youth marched with the soldiers into Wisconsin to aid in putting down the famous Black Hawk rebellion. Throughout the state the public schools commemorate the day with suitable exercises to the great American.

The story of a poor boy, with opportunities in many respects far inferior to those possessed today by the street urchins of American cities, who acquired an education by dogged application to borrowed books, and whose industry and solid traits of character caused him to be trusted and admired by all who knew him, and finally led to his selection at a crucial time in the life of the nation for elevation to the highest office in the gift of the American people, is an inspiring and profitable subject for Americans of every age.

Here was a plain man of the western prairies who has left "one of the few immortal names that were not born to die." One of the many lessons derivable from the text of Lincoln's life is the profitability of American youth. Without disparagement of the heroes of antiquity and of foreign countries in modern times, every American boy and girl should know something of the salient transactions which have occurred in this land of the world's hope and of the truly great characters who have been concerned in them.

THE REST ROOMS.

Work is progressing for the furnishing and complete establishment of the proposed rest rooms for visitors. The initial step has been taken at the high barns and to meet the demand the proprietors of various stores are planning changes in their interior arrangements to meet a similar demand. It is a great work that has been undertaken and one which will be of material benefit to the city as a whole. The idea of a centrally located building devoted entirely to this purpose has not been abandoned but will come in time.

SNOW AND ICE.

With the employees of the street department hard at work clearing the crosswalks and gutters of snow and ice to prevent spring floods it is up to the property-owners to do likewise with their own sidewalks. One of the dead letter ordinances is the law which is supposed to compel property-owners to clean their walks and keep them clean. The fact that in some parts of the city this is complied with makes the glaring defects in other localities all the more apparent.

GOOD WORK.

The excellent work of the police department in causing the arrest of the young men responsible for the alleged theft of money from the pockets of a drunken companion deserves special mention. If cases of lawlessness are reported to the police at once, with full descriptions of the persons suspected, they can act promptly and with success. The police department is ready and willing to co-operate in every case of violation of law violations, and citizens should appreciate this fact and give all the aid possible to the officers.

There is a decided opposition in the legislature to sending good money after bad, as regards appropriations for the state board of agriculture. If some members had their way the state fair would either be moved from Milwaukee or eliminated as a state institution.

Lincoln's birthday, St. Valentine's day, and Washington's birthday all come in February as well as Ground Hog day. My what a lot for one little short month to enjoy.

The first robins are reported as having arrived from their southern home. Now their trip north presage warm spring days, but perhaps they came too quickly, for from all accounts winter is not vanquished as yet.

GAVE ADDRESSES AT SOUTHERN STATE MEETING

Principal J. T. Shearer and Gay W. Curtis of the high school were in Madison this afternoon, where they gave short addresses before the Southern Wisconsin Teachers' association meeting, which convened there today. Mr. Shearer talked on the future of the school, while Mr. Curtis confined his talk on commercial work.

ROMANCE OF WHEAT PIT IS BITTER ONE

Patron ostensibly retired a few years ago and lives in a palace at Evanston, Ill. His gifts to colleges, hospitals and poor charities total millions. The magnificent \$100,000 Northwestern University endowment institution at Evanston, was Patron's gift and bears his name. While attending an office "in name" there is an office "in reality" usually there and frequently takes a "day" out of a few days, involving a mere matter of a few dollars out of thousands. Patron's friends say that all his winnings from the wheat pit now go to charity.

Madison, Wis., Feb. 12.—Senator Dickel has failed to prohibit the collection of telephone rentals in advance by the company. The bill, introduced in the senate Friday morning, which he sought to prohibit the collection of telephone rentals in advance by the telephone company in the state, regardless of the fact that subscribers might be known to the company to be insolvent.

Senator Dickel appeared before the committee on corporations of the senate and declared that by collecting rentals in advance by the company that they got the use of many thousands of dollars of subscribers' money. He said that when a man goes into a store and bought a suit of clothes he paid for it on the spot because he knew what he was getting and that a man who had to pay for telephone service never knew what kind of service he was going to get. He declared that the rule was not uniform throughout the country. In Milwaukee the collections were made three months in advance and that in other places these collections were made only one month in advance.

Sen. Ellis of Wisconsin, Wisconsin Telephone company, Milwaukee, appeared in opposition to the bill. He said that requiring payment in advance that the company knew it would not have any bills to collect. He pointed out that other companies, such as gas and electric companies, do something

Milton Junction, Feb. 12.—Wednesday morning, Feb. 10, at St. Mary's church, Milton Junction, the Rev. J. McGlinity performed the marriage ceremony that made William E. Vickerman and Miss Helen E. McHenry of Milton Junction husband and wife. The newly married couple will make their home in the town of Johnstown, N. Y. The groom is engaged in farming. Their many friends extend the heartiest congratulations to the newly married couple.

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note the results. There is a good test worth trying. First weigh yourself and then measure yourself. Then eat the Sargol—one tablet with every meal—for two weeks. Then weigh and measure yourself. It isn't a question of how you look or feel, or what your friends say and think. The actual weight and tape measure will tell their own story and almost any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing the "meat" for the tissues of the body. It is the "meat" of the blood—prepares it for the blood as assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste.

Sargol stops the waste and does so quickly. It stops the fat producing contents of the very same blood you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, effective and inexpensive. All leading druggists at New Orleans and vicinity sell it in large boxes and small tablets to a package—at a guarantee of weight increase or money back.

BUELL URGES DEATH OF BILL TO REPEAL TEACHERS' PENSION

Janesville School Superintendent Ap-
pears Before Legislature in De-
fense of Law.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Feb. 12.—The Ben-
nett bill to repeal the teachers' retire-
ment fund law was reported unfavor-
ably in the senate today by the sen-
ate committee on state affairs. The
hearing on the bill which was given
yesterday afternoon was the largest
that has been held on any measure
that has come before any committee
of the legislature this year. No one
appeared in favor of the repeal law
but a score of teachers spoke for the
retention of the fund and there were
scores of others present in opposition
to the bill, who did not speak because
of the many other appearances.
Among those who appeared in op-
position to the Bennett bill were: H. C.
Buell, Janesville, president of the pen-
sion fund; Mrs. Mary Bradford, John
Callahan, Menasha; M. M. McIver,
superintendent of schools, Oshkosh;
Miss Mary A. O'Keefe, assistant
superintendent of schools, Madison;
State Superintendent of Public In-
struction C. W. Cary; County Superin-
tendent C. W. Davies, North Freedom;
Miss Gladys Brannan, Madison; Miss
Helen Martin, Elkhorn; E. G. Beards-
more, Oshkosh; J. Nelson, city
superintendent of schools, Racine;
W. Smith, county superintendent of
schools, Portage; and Prof. Clough of
Portage. There were general remarks
on the advisability of the retirement
fund by H. S. Stafford, Madison.
The principal argument for the de-
feat of the Bennett repeal was made
by H. C. Buell of Janesville, president
of the teachers' retirement fund law.
He said that there were upwards of
4,000 teachers in the state contribut-
ing to the fund and that at the present
time he believed the fund was in
good condition. He said that it was
impossible for insurance men to make
any comparisons regarding the possi-
bilities of the fund becoming im-
paired, because the two institutions
were so dissimilar. He showed that
at the present time there is over
\$250,000 in the fund. No comparisons
could be made between this fund and
those in New York and Pennsylvania,
he said, because the other states de-
rived their funds for the support of
the plan from other sources. Petitions
carrying upwards of 10,000 names
were before the senate protesting
against the Bennett bill and favoring
the retention of the law in its present
form.

VICE PROBERS WANT 5,000 MORE COPIES

Effort to Suppress Report Arouses
Teasdale's Ire and He Requests
for Additional Printing.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Feb. 12.—Interest
attracted to the report of the state
vice committee as the result of a res-
olution introduced by Assemblyman
Donnelly of Milwaukee to suppress
it has resulted in the committee ask-
ing the legislature to print 5,000 ex-
tra copies of the report for distribu-
tion among responsible citizens. Sen-
ator Howard Teasdale of Sparta,
chairman of the committee, who was
here today, said that more requests
than ever before and that these were
coming from adult and responsible
citizens.
There is at present in the fund of
the anti-vice committee a sufficient
amount of money to print additional
copies of this report and we shall ask
the permission of the legislature to
issue an edition of 5,000 additional to
the 10,000 already printed," said Sen-
ator Teasdale.
A resolution has been introduced
by Assemblyman A. E. Frederick of
Monroe county to print the 5,000 ad-
ditional copies required.

ROCK COUNTY GETS MORE HIGHWAY AID THAN PAID IN TAX

State Allotment Amounts to \$4,469.79
More Than Paid into Fund for
Four Year Period.

During the four years that the
state aid highway law has been in
operation Rock county has actually
received from the state \$101,365.08 or
\$4,469.79 more than the county con-
tributed toward the state fund for
building roads. This fact was brought
out by the state highway commission
which has compiled figures showing
the state aid for Rock county, and
the same have been checked over at
the county treasurer's office and found
to be correct.
In one year only, 1914, did the
county pay in a larger amount than
it received back in the shape of state
aid. The loss for that year was \$13,
387.93 and was due to the fact that
the supplemental appropriation of
the legislature made to meet the un-
expected demands for state aid was
available too late for distribution in
that year.
In 1915 the county will make a
gain of \$6,883.01 in state aid, due to
the fact that the highway commission
found that the supplementary appro-
priation was \$200,000 larger than
was required to meet the applications,
and consequently that sum, or about
one-sixth of the total amount, was re-
mitted to the state treasury. At the
special session of the Rock county
board last fall, arrangements were
made so that the county would re-
ceive in state aid as much as was
paid in. This, it was expected, would

amount to \$35,256.20, but the remis-
sion altered the situation so that the
county will pay into the state aid
fund only \$28,373.19 this year, but
will receive \$35,256.20.

A summary of the state highway
fund for Rock county is as follows:
In 1912: Paid into state highway
fund, \$10,107.35; allotted from high-
way fund, \$11,894.03; gained, \$1,786.68.
In 1913: Paid into highway fund,
\$10,127.57; allotted from highway
fund, \$19,325; gained, \$9,197.43.
In 1914: Paid into highway fund,
\$18,287.18; allotted, \$34,889.85; lost,
\$13,597.33.
In 1915: Paid into highway fund,
\$28,373.19; allotted, \$35,256.20; gain-
ed, \$6,883.01.

Total gain for county in the four
years, \$4,469.79.
There is still due on the 1914 al-
lotment the sum of \$4,556 to the fol-
lowing districts: County, \$1,995.00;
city of Edgerton, \$2,000; town of
Janesville, \$560 (bridge); town of
Porter, \$250.
The fact that the county board has
stood ready to furnish all necessary
equipment needed in road building,
even to the purchase of an oiler for
use next season, is pointed out as in-
dicative of the change in sentiment
in favor of the highway building sys-
tem now in operation.

FORCED TO CLOSE UP DOCK UNTIL SPRING

Sheboygan Orders Goodrich Transpor-
tation Co. to Lock Up Dock Be-
cause of Sinking of Iowa.

[BY ASSOCIATED PRESS.]
Sheboygan, Feb. 12.—On account of
the sinking of the steamer Iowa, the
Goodrich transportation company has
been compelled to close its dock on
the west shore of Lake Michigan,
north of Milwaukee, for the balance
of the winter, according to announce-
ment received by the traffic depart-
ment of the Sheboygan Association of
Commerce today.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg
Breast Tea, or as the German folks
call it, "Hamburger Brust Thee," at
any pharmacy. Take a tablespoonful
of the tea, put a cup of boiling water
upon it, pour through a sieve and
drink a teacup full at any time. It is
the most effective way to break a cold
and cure grip, as it opens the pores,
relieves congestion. Also loosens the
bowels, thus breaking a cold at once.
It is inexpensive and entirely vege-
table, therefore harmless.

MONTH IN SESSION FIVE LAWS PASSED

State Legislature Has Worked Rapid-
ly Since Convening—Whittier
Opposes Time for Bills.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Feb. 12.—The legis-

lature has been in session over four
weeks and five bills have been pass-
ed, signed by the governor and pub-
lished as laws to date. The first law
would extend the taxpaying period
without penalty to March 1, on favor-
able action by the common council,
village or town board; the second
gives the chairman of the county
board power to fill a vacancy in the
office of the county clerk until the
next meeting of the county board; a
third, is for a non-partisan judicial
election in Milwaukee; a fourth for a

non-partisan election of officials to
the school board in Milwaukee and a
fifth takes the name "non-partisan ju-
diciary" as a party designation away
from the election of justices of the
supreme court.
Nearly 200 bills have been intro-
duced in the assembly to date and
over 100 measures in the senate. The
time for the introduction of bills will
close on Wednesday, unless it is ex-
tended. An extension of time is op-
posed, however, by Speaker Whitely
of the assembly.
